

## Position Description: Senior Mobile Developer

**Position Title:** Senior Mobile Developer  
**Functional Group:** Engineering  
**Reports to:** Software Development Manager  
**Date:** February 2019

### Our Company

Coretex is a world-leading technology company that creates innovative fleet management and IOT solutions for organisations that operate in mission-critical environments. Our start-up culture and 'can-do' attitude helps us take on the best and win. Our proprietary technology platform helps organisations run more efficiently and comply with complex legislation through intelligent use of data gathered directly from fleet assets.

Coretex has customers all over the globe. Our business is run from offices in New York, San Diego, Auckland, and Sydney. We have ambitious growth plans that will see us further expand operations over the coming weeks, months and years.

### Our Mission

At Coretex we believe that technology should be used to create a safer, cleaner and more productive society. The world's resources are under increasing pressure - to keep growing, we have got to figure out how to do more with less.

Our goal is to help operators drive better business results by improving their asset utilization, reducing fuel consumption and minimising the wear and tear on people and machines - all whilst ensuring that operators remain compliant with all relevant legislation.

### Purpose of this Role

Responsible for developing and maintaining core software platforms including but not limited to Coretex Drive, Integration APIs, Microservices, Mobile Apps (Android & iOS) and Azure.

### Responsibilities

- Develop and maintain the Drive platform.
